## Approved Software Signature Solution

The Certifying Body of tekit Consult Bonn GmbH, TÜV Saarland Group, hereby attests to the company

### signotec GmbH

Am Gierath 20b, D-40885 Ratingen

is authorized to use the TÜV test mark „Approved Software“ for the

### Signature Solution „signoSign/2“

based on a hardware / software system. The verification was made on the basis of a successful approval of the software and corresponding hardware.

The software offers reliable and effective mechanisms for the embedment of signatures in PDF documents with simultaneous storage of the biometric data resulting from the signature. The solution is equipped with mechanisms which make a subsequent amendment of the document detectable.

This certification is based on

- the “Requirements for Approved Software“ v1.2 with signature typing
- test report TR01490

The certificate applies exclusively to the approved version of the programme with corresponding hardware at the time of the assessment and grants the holder the non-transferrable right to use the certification mark shown for promotional purposes for the period of validity.

**This certificate is valid until 31<sup>st</sup> August 2014.**
